6. Requirements

6.1. Travel

Travel covers a large spectrum of legitimate activities that are necessary to support statutory or regulatory requirements to deliver services to Canadians and to meet CATSA's priorities. In this way, travel supports the direct delivery of CATSA's Operational Activities. Travel may also support other organizational objectives and priorities. All employees and Office Holders shall follow the specific requirements provided in Schedule 1 (Travel Requirements), which are in addition to terms and conditions of reimbursement of travel on CATSA business provided in Schedule 2 (Travel Entitlements).

The President and Chief Executive Officer has discretion over commercial accommodation selected, telephone calls, meals and incidentals in excess of the per diems specified in Schedule 2 (Travel Entitlements). This discretion should be exercised with prudence and probity, mindful that all expenditures must further CATSA objectives. The basic norm should be comfortable and convenient, but not excessive.

6.2. Hospitality

The provision of Hospitality is often necessary to support the conduct of CATSA's business and to deliver on Operational Activities and priorities. In this way, it may support the conduct of business with other government organizations, industry or public interest groups, visits by foreign dignitaries, as well as CATSA business meetings. All employees or Office Holders shall exercise rigorous management of Hospitality, including taking measures to minimize and/or avoid costs. Decisions to offer Hospitality must be carefully considered and demonstrate the necessity based on the circumstances and/or courtesy, diplomacy or Protocol. Specific requirements for the provision of Hospitality are provided in Schedule 3 (Hospitality Requirements).

6.3. Conferences

Conferences or similar events often provide unique opportunities for exchange, debates or discussion of specialized or professional information, including establishing or maintaining relationships necessary for the conduct of CATSA business or the delivery of its Operational Activities. Specific requirements for Conferences are provided in Schedule 4 (Conference Requirements). As Conferences tend to be organized by external organizations and participants are charged fees to attend, Approval Authorities must also be conscious of the need for prudence and probity, including justification where travel approval is required under Schedule 1 (Travel Requirements) or under the Event approval requirements of Schedule 5 (Event Requirements).

6.4. Events

Events typically represent or support the business activities and governance of the organization and may include employees and Office Holders and Non-CATSA Employees. All Event expenditures must comply with the requirements provided in Schedule 5 (Event Requirements).

6.5. Reporting and Controls

6.5.1. Internal Controls. CATSA will have appropriate internal controls and an associated monitoring system in place to support periodic reviews of travel, Hospitality, Conference and Event expenditures. This will also contribute to the validation of the annual report on the total annual spending as set out in Section 6.5.2 (Annual Report) below.

6.5.2. Annual Report. CATSA shall disclose the total annual expenditures for each of travel, Hospitality, and Conference fees, through the Government of Canada's Open Government website, including a brief description of the main variances from the previous year's actual expenditures. The timing of this disclosure is to coincide with the tabling of the Annual Report.

6.5.3. Proactive Disclosure. CATSA shall disclose on a monthly basis, through the Government of Canada's Open Government website, information on travel and Hospitality expenditures for all members of the Board of Directors, the President and Chief Executive Officer and the Vice-Presidents, and those who act in these positions.

6.5.3.1. Travel disclosure for each of the foregoing individuals must include the purpose of travel, period covered by the trip, places visited, transportation expenses, other expenses (such as accommodation and meals), and the total amount incurred;

6.5.3.2. Hospitality disclosure for each of the foregoing individuals must include the date(s), a description of the purpose and form of the Hospitality, the attendees (such as number of employees, Office Holders and Non-CATSA Employees), the location, Hospitality provider(s), and the total amount incurred;

6.5.3.3. Receipts, supporting travel and Hospitality claims, will be available upon request and in accordance with the Access to Information and Privacy legislation; and

6.5.3.4. The travel and Hospitality expense disclosures must be published within 30 days after the end of the month in which the expenses are reimbursed.

7. Reviews and Amendments

The Vice-President, Corporate Affairs and Chief Financial Officer shall review this policy at least once every three years. Any substantive amendments to this policy must be approved by the Board of Directors.

SCHEDULE 1**Travel Requirements****1.1. Planning**

Prudent planning for travel applies to employees and Office Holders and Non-CATSA Employees. Travel is to be avoided where cost effective alternatives are appropriate and available. Virtual presence, teleconference, videoconference and other remote meeting solutions are to be considered for every travel situation and, if not used, the reason is to be documented in the travel authorization justification.

1.1.1. Travel Categories. The following categories of travel are to be identified and form part of the travel authorization for expenditure initiation for each proposed trip:

- Operational Activities - Travel required to support Operational Activities (other than the key stakeholder, internal governance and Training categories outlined below), legislative or legal requirements (e.g., equipment maintenance);
- Key stakeholders - Travel necessary to engage key stakeholders in relation to such matters as policy, program or regulatory development or renewal, (e.g., meeting with airport authorities);
- Internal governance - Travel necessary to support sound internal governance of CATSA (e.g., Audit Committee meeting);
- Training - Travel to enable the Training of employees and Office Holders; and
- Other travel (e.g., attendance at a trade show).

1.1.2. Number of Travellers. The number of Travellers is to be limited to the minimum necessary to deliver the business of the organization. The total number of Travellers attending the same Event or activity is to be justified for each travel authorization.

1.1.3. Most Economical Means. The most economical means is to be selected, given the nature of the trip, when booking transportation, accommodations and meeting facilities, including giving preference to using appropriate government facilities. Where possible, the travel arrangements should be booked in advance to obtain optimal discounted rates.

1.2. Administration

Employee or Office Holder travel is administered mainly through STSS, which should be used to complete the following steps:

- 1) Creating and submitting travel requests;
- 2) Approving travel requests;
- 3) Booking travel;
- 4) Creating and submitting expense reports; and
- 5) Approving expense reports.

Employees who will be travelling for business purposes but do not require a booking for accommodation, airfare, automobile rental or rail can submit their travel expenditures for reimbursement using the *Travel Claim and Travel Advance Form* instead of using STSS.

1.3. Travel Pre-Approval

1.3.1. Delegation of Approval Authority. The authority to approve travel may be delegated by the President and Chief Executive Officer to the Vice-President level. The President and Chief Executive Officer may delegate the authority to approve travel to appropriate managers below the Vice-President level where all of the following three conditions are satisfied:

- The program operations are regionally dispersed;
- The potential for delay in obtaining approval at the Vice-President level could be injurious to the public interest or timely delivery of organizational services or operations; and
- There is no Vice-President present in the regional office.

1.3.2. Expenditure Initiation. Expenditure initiation for travel may be done in either of two ways:

- Approval by the Approval Authority of the travel authorization elements for a specific trip; or
- Approval by the appropriate Approval Authority based on a travel plan approved by the Approval Authority that reasonably covers the travel authorization elements of Table 1 (Checklist of Trip Authorization Elements) below. Where there are significant changes to trips within the travel plan at any point, those trips are to be reapproved by the Approval Authority. When using the approved travel plans for expenditure initiation, enhanced mechanisms and controls for the monitoring of compliance with these requirements will be applied.

1.3.3. Exception. The travel Approval Authority required under Section 1.3.1 does not apply to:

- Local travel within the normal office location and working environs of employees or Office Holders using means such as taxi, public transit or personal vehicle for the conduct of CATSA's day to day business. Such travel can be authorized by the RC Manager; and
- Travel required to enable CATSA to respond rapidly to urgent and unforeseeable events that require employees to travel on an emergency basis in order to provide expertise or delivery of programs or services to safeguard health, safety and security. In order to ensure efficient emergency responses, such travel costs must be subsequently disclosed, for information purposes, to the President and Chief Executive Officer.

1.3.4. If a BTA is used to satisfy the travel authorization for an individual, other than a Director, the BTA will also include all Table 1 (Checklist of Trip Authorization Elements) information applying the best cost estimates available.

1.3.5. Required Data Elements. The trip data elements of Table 1 (Checklist of Trip Authorization Elements) are to be included in the travel authorization for expenditure initiation purposes and, at a minimum, will form part of the associated authorization form.

1.4. Travel Cards

- 1.4.1. Issuance. It is recommended that Travellers use a Travel Card for all authorized travel. A Travel Card will be issued when:
- The employee or Office Holder has completed the applicable Travel Card application form and signed the employee Acknowledgement of Responsibilities and Obligations for Travel Cards Agreement;
 - The Travel Card application has been approved by the issuing credit card company; and
 - Approval has been given by the RC Manager.
- 1.4.2. Insurance Coverage. The Travel Card includes insurance coverage addressing certain risks, such as damage to a rental vehicle, hotel burglary, and lost or stolen baggage. Travellers who choose not to use a Travel Card for authorized CATSA travel assume responsibility for any claims arising from, or related to, anything that occurs while on Travel Status which would otherwise be covered by insurance provided under the Travel Card.

CATSA assumes no liability for such claims. Additional insurance purchased by the employee that would otherwise be covered by the Travel Card will not be reimbursed by CATSA.

- 1.4.3. Allowable Expenditures. The Travel Card shall only be used for expenditures incurred while on Travel Status. The Travel Card shall not be used for personal purchases or by anyone other than the Cardholder.
- 1.4.4. Payment. Cardholders shall pay the balance owed on the Travel Card by the due date set by the credit card issuer, including interest or other amounts charged by the credit card issuer (e.g., on late payments).

1.5. Travel Advances

- 1.5.1. Authorization. Approval Authorities may authorize a travel advance in exceptional circumstances, to be determined on a case by case basis. It is recommended that, while on Travel Status, employees use a Travel Card for travel expenditures and cash advances.
- 1.5.2. Request Form. The Travel Claim and Travel Advance Form must be used by an employee to request travel advances.
- 1.5.3. Non-CATSA Employees ineligible. Non-CATSA Employees are not entitled to travel advances.

1.6. Travel Claims

- 1.6.1. Submission within 30 days. Traveller expense claims must be completed and submitted to the RC Manager using STSS within 30 days following completion of the travel.
- 1.6.2. Provision of Receipts. Any expenditure listed on travel claims other than the eligible travel allowances must be supported by original receipts. In exceptional circumstances, a personal declaration may replace a receipt where a Traveller certifies that the receipt was lost or unobtainable.

SCHEDULE 2

Travel Entitlements

CATSA uses rates and allowances established in the *National Joint Council Travel Directive*. Travel entitlements are determined based on travel within the following four categories:

- i. Travel within Headquarters Area – no overnight stay
- ii. Travel outside Headquarters Area – no overnight stay
- iii. Travel in Canada and continental US – overnight stay
- iv. International travel outside Canada and the continental US – overnight stay

The following legend summarizes the entitlements for each of the above categories. Additional details regarding some of the entitlements are described in the pages that follow:

(<http://www.njc-cnm.gc.ca/directive/d10/v10/s97/en>)

The following describes the travel entitlements:

(1) Accommodation

The standard for commercial accommodation is a single room, in a safe environment, conveniently located, comfortably equipped and reasonably priced. Public Works and Government Services Canada (PWGSC) publishes an *Accommodation and Car Rental Directory* (<http://rehelv-acrd.tpsgc-pwgsc.gc.ca>), which shall serve as a guide for the reimbursable cost, location and selection of accommodation. Given that the majority of employees or Office Holders travel to perform duties at airport locations, it is preferable, in such instances, that they stay in commercial accommodations at or near the airport terminal in order to minimize travel time and ground transportation costs. Such accommodations may be premium priced, but are considered acceptable as long as the rates are reasonable, considering the ground transportation cost and time savings.

In all cases, government rates must be requested when booking commercial accommodations.

An employee or Office Holder who chooses to stay in private accommodation shall be reimbursed at the rate specified in Table 2 (Matrix of Travel Entitlements).

(2) Additional Business Expenditures

Travellers shall be reimbursed for reasonable business expenditures incurred, including business calls, photocopies, word processing services, faxes, internet connections, and rental and transportation of necessary office equipment.

(3) Currency Exchange

Costs incurred when converting sums of Canadian currency to a foreign currency and/or converting any unused balance back to Canadian currency shall be reimbursed at the rate paid as listed on provided receipts.

When currency exchange receipts are not provided, the applicable daily Bank of Canada currency exchange rate shall apply.

(4) Dependant Care

Travellers shall be reimbursed for actual and reasonable care expenditures, up to the daily maximums specified in the *National Joint Council Travel Directive* when:

- The employee or Office Holder is the sole caregiver of a dependant who is under 18 years of age or has a mental or physical disability; or
- Two Government of Canada employees or Office Holders living in the same household are the sole caregivers of a dependant who is under eighteen years of age or has a mental or physical disability and both the employee or Office Holder and the spouse are required to travel on business at the same time.

A dependant care allowance shall apply only for expenditures that are incurred as a result of travelling and are incremental to expenditures the employee or Office Holder would incur when not travelling.

(5) Incidental Expense Allowance

The incidental expense allowance covers such items as laundry, dry cleaning, gratuities, a daily newspaper, and luggage depreciation over the duration of a trip, even though a particular expense may be higher on a given day.

A Traveller shall be paid an incidental expense allowance when overnight accommodation has been authorized. When a Traveller visits multiple locations on the same day, the incidental expense allowance paid shall be the one that is applicable to the location where the Traveller was when their day commenced. Rates for incidental expense allowances are specified in Table 2 (Matrix of Travel Entitlements).

Non-CATSA Employees are not entitled to incidental expense allowances.

(6) Insurance

In the event that a Traveller becomes ill, is injured, or dies while on Travel Status, the Traveller or, where applicable, the Traveller's dependant(s) may be provided with coverage, subject to the terms and conditions of CATSA's benefit programs. Additional insurance purchased by the Traveller shall not be reimbursed.

For automobile insurance, refer to Section 10(b) below.

It is the financial responsibility of Non-CATSA Employees to bear their insurance costs.

(7) Passport, Visa, and Communication

Passport and Visa – When an employee or Office Holder is required to travel outside Canada on authorized CATSA business, CATSA shall facilitate the necessary arrangements for obtaining an appropriate passport and/or visa, and any required inoculations, vaccinations, X-rays and certificates of health. These expenditures will be reimbursed by CATSA.

Communication – Over each continuous three day period away from home, a Traveller outside Canada shall be reimbursed the equivalent of one, 10 minute phone call home, based on receipts.

(8) Long-Term Travel

When apartment hotels are available to the employee in the area surrounding the workplace, or the employee chooses to stay in private accommodation, the meal and incidental expense allowances specified in Table 2 (Matrix of Travel Entitlements) shall be reduced as follows for long-term travel in the same location:

- Starting on the 31st consecutive calendar day, the meal and incidental allowances will be reduced to seventy-five percent; and
- Starting on the 121st consecutive calendar day, the meal allowances will be reduced to fifty percent (incidental allowance remains at seventy-five percent).

(9) Meals

A Traveller shall be paid the applicable meal allowance for each breakfast, lunch and dinner while on Travel Status, as specified in Table 2 (Matrix of Travel Entitlements).

A meal allowance shall not be paid to Traveller if a complimentary meal is provided. If a Traveller incurs out of pocket expenditures to supplement meals provided, the actual incurred costs may be reimbursed, based on receipts provided, up to the amount of the applicable meal allowance.

Where a Traveller incurs meal costs that are higher than the established meal allowances in situations outside of the Traveller's control, the actual and reasonable expenditures incurred shall be reimbursed, based on the receipts provided with written justification.

Actual meal expenditures shall not include alcohol, costs associated with guests or co-workers, or the additional cost of room service.

(10) Transportation

The selection of a mode of transportation shall be based on cost, duration, convenience, safety and practicality.

(a) Commercial

Where commercial air or rail transportation is authorized, the Traveller shall make the travel arrangements through STSS.

i) Air Travel

The standard for air travel is economy class. The lowest available airfares appropriate to particular itineraries shall be sought and bookings shall be made as far in advance as possible to ensure costs are minimized.

The use of business class air travel is authorized for all flights taken by the President and the Chief Executive Officer.

The use of business class air travel is authorized for Vice-Presidents and Directors for trips of 850 air kilometers or more one way.

When travelling outside of Canada and the United States, Travellers are authorized to use business class air travel where continuous air travel exceeds 9 hours. Continuous air travel starts at the scheduled departure time and ends with the arrival at destination or with an overnight stop (or layover equivalent to an overnight stop).

CATSA will reimburse Non-CATSA Employees for fares up to full-fare economy only. Upgrades to business or first class may be personally paid by the Non-CATSA Employee or private sector company, where this is company policy.

ii) Rail Travel

The standard for rail travel is the next higher class after the full economy class.

Taxis, shuttles and local transportation services are alternative modes of transportation for short trips. Public transportation including hotel airport shuttles should be used whenever possible.

Taxi vouchers (chits) are not to be used by employees while they are on Travel Status. For further information on the use of taxi vouchers, see the *Taxi Chits Directive*.

(b) Automobiles***i) Privately Owned Automobiles***

The kilometric rates payable for the use of privately owned automobiles driven while on Travel Status are specified in Table 2 (Matrix of Travel Entitlements). Travellers shall use the most direct, safe and practical routes and shall claim only for distances driven for CATSA travel. Travellers must provide trip details in their travel claim to support kilometers claimed.

Travellers who are driven to or picked up from a public carrier terminal shall be reimbursed the kilometric rate based on the distance to and from the public carrier terminal for each round trip.

CATSA assumes no financial responsibility for privately-owned automobiles, other than paying the kilometric rate, where required. CATSA is not responsible for reimbursing deductible amounts related to insurance coverage.

Privately owned automobiles or other types of transportation used by Travellers while on CATSA business shall have at least the minimum provincial/territorial, state/country insurance coverage for public liability and property damage.

Additional premium costs for public liability and property damage, collision and comprehensive coverage shall be reimbursed for the applicable period when supplementary business insurance for an automobile is required.

Travellers who intend to carry passengers are advised to confirm with their insurance agent that they are adequately insured.

ii) Automobile Rental

The standard for rental automobiles is mid-size. Rental automobiles beyond mid-size must be justified based upon factors such as, but not limited to, cost, safety, the needs of the employee and the bulk or weight of goods transported. PWGSC's *Accommodation and Car Rental Directory* (<http://rehely-acrd.tpsgc-pwgsc.gc.ca>) shall serve as a guide for the cost and selection of automobile rentals. Note that government rates must be requested when renting automobiles.

Collision damage waiver coverage is required for the entire period that an automobile is rented within or outside of Canada:

a. Within Canada

Collision damage waiver coverage is included when Travellers use their Travel Card to rent an automobile within Canada. If Travellers do not use their Travel Card when renting a vehicle, they will be responsible for any claims that would otherwise be covered under the Travel Card. CATSA assumes no liability for such claims. The cost of collision damage waiver coverage will only be reimbursed in exceptional circumstances (e.g., where their Travel Card is not available for use at the time of the rental), to be determined on a case-by-case basis.

b. Outside of Canada

Employees or Office Holders travelling outside of Canada should check with their rental agency or travel agent to determine if collision damage waiver coverage associated with the Travel Card will be accepted. Travellers will be reimbursed for the cost of collision damage waiver coverage in those cases where Travel Card coverage is not accepted, or in exceptional circumstances to be determined on a case-by-case basis.

Travellers will not be reimbursed for personal accident insurance coverage premiums.

(11) Weekend Travel Home

Weekend travel home or the alternatives described in Section 12 below do not constitute a break in continuous travel at the same location.

Travellers whose travel extends through or beyond a weekend are eligible for periodic weekend travel home, provided that the following conditions are met:

- Work schedules permit the employee to be absent; and
- Appropriate private or public transportation is available and its use is both practical and reasonable.

Weekend travel home must be approved at the Vice-President level or higher. In such situations, the Traveller shall be reimbursed the most economical return fare, the necessary return ground transportation to and from the carrier's terminal and meals en route. Meals and incidentals at the destination shall not be reimbursed. The accommodation at the duty travel location should be suspended where possible but need not be cancelled.

(12) Weekend Travel – Alternatives

Provided that the Traveller is not required by the employer to remain at the duty travel location, an employee may choose to spend the weekend at an alternative location. To be eligible for reimbursement, the employee shall: cancel charges for accommodation at the duty travel location, provide a receipt for alternative commercial accommodation when used, and not return home or to the Headquarters Area during the weekend.

Reimbursement shall be limited to the cost of maintaining the Traveller at the duty travel location and shall include the cost of accommodation, meals, incidentals and other expenditures. Arrangements are the personal responsibility of the Traveller without using CATSA's approved services. The Traveller assumes personal liability as if the employee were not on Travel Status. The use of this provision does not preclude the Traveller's entitlement to weekend travel home.

SCHEDULE 6

Board of Director Travel Requirements

The information below is provided for ease of reference for the Board of Directors and to incorporate travel requirements applicable only to the Board of Directors. All other matters pertaining to travel, or Hospitality, Conference and Event expenditures for the Board of Directors beyond what is addressed below will be interpreted and administered according to the terms of this policy and Schedules 1 through 5, as applicable.

6.1 Approval Authority for Travel

The Chairperson of the Board is the Approval Authority for authorizing and determining when Board of Director travel is necessary for CATSA business. The Vice-President, Corporate Affairs and Chief Financial Officer will assist the Chairperson with the interpretation and implementation of this policy.

The Chairperson's travel shall be authorized in advance by the Vice-President, Corporate Affairs and Chief Financial Officer.

6.2 Advance Authorization Required

Travel must be authorized in advance by the Chairperson or delegate to ensure all travel arrangements are in compliance with the provisions of this policy. The Corporate Secretariat will facilitate this process on behalf of Directors to ensure that travel authorizations, at a minimum, provide the trip data elements of Table 1 (Checklist of Trip Authorization Elements) in Schedule 1 (Travel Requirements).

Generally, travel expenditures may only be authorized when a Director is away from his or her home city on CATSA business or as otherwise approved by the Chairperson in advance, on a case-by-case basis.

6.3 Blanket Travel Authorities

In compliance with the terms of this policy pertaining to Blanket Travel Authorities, a BTA will be used to pre-authorize travel for the Chairperson to Ottawa for CATSA business as well as for all Directors to travel to Ottawa for Board of Director meetings.

The BTA will be issued by the Chairperson of the Board and approved annually.

6.4 General Travel Entitlements

Directors are eligible for the entitlements at the rates provided in Schedule 2 (Travel Entitlements) while on Travel Status which include, but are not limited to, meals and incidentals.

Directors have discretion over commercial accommodation, telephone calls, meals and incidentals in excess of the per diems, based on receipts (excluding alcohol). This discretion should be exercised with prudence and probity, mindful that all expenditures must further CATSA objectives. The basic norm should be comfortable and convenient, but not excessive.

6.5 Accommodation

The Corporate Secretariat books all accommodation for Directors who are travelling on CATSA business at a hotel which meets the standard for commercial accommodation under Schedule 2 (Travel Entitlements) and is pre-approved by the Chairperson.

6.6 Transportation

Directors shall arrange for their respective travel. The selection of the mode of transportation must be based on cost, duration, convenience, safety and practicality.

- 6.6.1 Commercial. Directors may, at their discretion, use business class travel for CATSA business for trips of 850 air kilometers or more. The lowest available airfares appropriate to particular itineraries must be sought and bookings must be made as far in advance as possible.

When business class is not available for trips of 850 air kilometres or more, economy fares are to be used. First Class air travel is not permitted.

Business class travel is not to be used for discretionary travel of any distance (e.g., travel requested by the individual Directors, such as attending conferences, training, etc.). A Director should seek confirmation from the Chair if there is doubt about whether a particular trip qualifies for business class travel.

The standard for rail travel is the next higher class after the full economy class.

- 6.6.2 Vehicles. The standard for rental vehicles is mid-size. The kilometric rates payable for the use of privately owned vehicles driven on authorized CATSA business are prescribed by National Joint Council Travel Directive. (For current rates, please consult the following link: <http://www.njc-cnm.gc.ca/directive/index.php?sid=97&lang=eng>).

Directors shall use the most direct, safe and practical road routes and shall claim only for distances necessary to be driven for CATSA business travel.

Directors who drive, who are driven or picked up from a public carrier terminal, will be reimbursed the kilometric rate based on the distance to and from the public carrier terminal for each round trip.

In the interests of safe driving, when Director-driven vehicles are used, Directors shall not normally be expected to drive more than:

- 250 kilometres after having worked a full day;
- 350 kilometres after having worked one-half day; or
- 550 kilometres on any day when a Director has not worked.

In respect of every day on which a Director uses a vehicle driven on authorized CATSA business, the Director will be reimbursed the actual costs of parking the vehicle for that period of time.

6.7 Travel Claims

Directors shall submit travel claims to the Corporate Secretariat within 30 days following completion of travel using the approved travel claim form available on Aprio.

Expenditures, other than allowances listed on the travel claim form must be supported by original receipts. In exceptional circumstances, a personal declaration may replace a receipt where a Director certifies that the receipt was lost or unobtainable.
